Character Description/Portrait

A support spell caster with a singular focus on protecting and healing their allies. Healing Word and Healing Burst allows them undo damage they or their allies take. The Healing Hands Talent further augments this ability, allowing them to clear curses, debuffs, and ailments as they heal. Alternatively they can use Healing Hands for a straightforward increase to how much they heal. The Fortify Ability also reduces the damage a given ally takes.

The downside is that they have no offensive capabilities on their own.

When you start the game, choose between three Abilities: Healing Touch, Empower, or Purge.

Healing Touch uses a Minor Action, meaning they can use it on the same turn as they use Healing Word or Healing Burst. It has a high MP cost and can only be used on allies in the same Zone, but the Healer's high max MP and Defenses can support these limitations.

Empower increases the target's Offense, allowing the Healer to boost an ally's damage.

Purge removes buffs from the target. This lets the Healer limit benefits foes get from support spells.

Personality Traits

Outside of combat, the Healer brings a combination of social skills and knowledge to the group. High Diplomacy and Empathy checks means they are great at talking to people and detecting lies. As expected of any healer, they have learned Medicine for diagnosing and treating physical injuries. They also have good History and Lore checks to contribute to the group.

The Natural Intuition Utility gives the Healer unique insights into peoples' personalities. If they notice someone is lying with an Empathy check, they get a one word indication of their motives.

Talents

Healing Hands -You are an expert healer. When you use a Healing Ability, you gain one of the following benefits:
* End a Curse effect on the target.
* Increase the target along one Buff Track of your choice. You can only increase the value up to 0.
* Reduce the duration of one Status Ailment the target is suffering from by 2 Rounds.
* Increase the amount of HP healed by 2 per die rolled; i.e. if you heal two dice of HP you heal an additional 4 HP.

Lessons

Reliable Healing - When casting a Healing Ability, you may roll an additional die. Remove the lowest die from your total result. Note the die removed does not count toward the number of dice rolled for the purposes of Lessons and Talents such as Healing Hands.

Utility: Natural Intuition - Increase Diplomacy and Empathy by 1. When you successfully detect that someone is lying to you with an Empathy check, you gain insight into their motivations. Some examples:
The target is being blackmailed by someone who can ruin their lives. “ Fear ”
The target is a petty conman and wants to steal from you. “ Greed ”
The conversation is between people whose clans act with long standing, mutual distrust due to a past conflict. “ History ”
The target is secretly after revenge against someone in the party. “ Enmity ”
