Talents

Body and Soul - Use your Soul in place of Strength to determine your HP.

---Lesson---
Melee Mage: When using a Spell with Medium Range or better on a target within Melee Range, you may reduce the MP cost by its Ability Tier, minimum 0.

Lessons

--Utility--
One with Nature: Animals - You are able to commune with and communicate with animals.
Animals have simple, instinctual desires and are usually very focused on the here and now. Most quickly dismiss past events that don ’ t affect their ability to survive and don ’ t really understand “ the future ” as a concept.

One with Nature: Plants - You are able to commune with and communicate with plants.
If they are getting adequate resources to grow, plants are generally pleasant conversationalists, often talking about weather patterns or similar topics. Trees will discuss the lives of the animals living within their branches, and grasses will talk about grazers coming for them and being stepped on. The specifics vary significantly depending on what type of plant: a blade of grass has a different mindset from an ancient redwood tree.
